

NETWORK SERVICES

As a service orientated company, we will provide the right experience on any platform. Wireless, wire-line, and transport. Fixed price or time and expense we will bring the right team.

GROOMING

With over 2.5 million lines groomed Commerx has proven tools and developed method of procedures to make the entire line grooming process simple and cost effective.

INSTALLATION & COMMISSIONING

Commerx experienced equipment installers will provide a quality installation whether it is a shelf addition, or an entire switching platform. A commissioning technician will load all software, and thoroughly test peripheral for functionality, ready for integration.

POWER DOWN & REMOVALS

Prepare your legacy equipment for removal or move. We will remove the equipment for disposal, or resale accordingly. Commerx will mine cable and dress as per customer specifications.

TURN KEY PROJECT MANAGEMENT

As a service orientated company, we will provide the right experience on any platform. Wireless, wire-line, and transport. Fixed price or time and expense we will bring the right team.

DESIGN, ENGINEERING & INSTALLATION

Our skilled, experienced project managers and engineers work closely with your entire project team to develop an optimal and cost-effective design for your implementation projects.

CELLULAR & MICROWAVE SYSTEMS

As a true turnkey provider, our clients benefit from our ability to provide a full scope wireless solution. From design and site acquisition, to transporting a pre-fabricated tower to site, to providing internal crews to erect the tower.

FIBER OPTICS

Leveraging our extensive large-scale project experience developing FTTH/FTTx networks and long haul fiber networks across the multitude of environments worldwide, our team knows what to do to get the job done right and on time.

TELECOM PROFESSIONAL SERVICES

ABOUT US

Commerx is a global supplier of end-to-end IP network infrastructure services. Commerx provides the right resource, first time, on time and on budget. Commerx provides solutions for projects of all sizes ranging from long term turn-key projects, to short term individual workforce assignments. We manage all aspects of service from bare floor to functioning network. Commerx has a proven record of developing innovative software apps to automate the delivery of network services. Commerx is global, operating in the Americas, CALA, EMEA, Asia and Oceania.

WORKFORCE MANAGEMENT

Commerx exclusive focus on telecom allows us to remain current, providing staff knowledgeable in the latest technologies.

RAPID LOCAL DEPLOYMENT

We are able to provide qualified in-market, experienced candidates with a short turnaround time. We offer rapid deployment anytime, anywhere in the world.

HASSLE FREE

Our clients enjoy the advantages and benefits of costs savings, work force flexibility, better access to top talent, less administrative work, and a better engaged workforce.

COST EFFECTIVE

We provide a cost effective solution for our client's temporary staffing needs. In this situation, the consultant becomes an employee of Commerx, billed to you at an inclusive hourly rate.
